## Summary

I'm Yuvraj Singh, a dedicated and motivated individual currently pursuing a Bachelor of Computer Applications (BCA) at Sanskriti University. My technical expertise spans programming languages such as Python, Java, C++, and JavaScript, alongside web development technologies like HTML, CSS, and SQL.

With hands-on experience through internships at Hunar Intern and Internshala, I've gained practical knowledge in Python development, enhancing my skills in coding and software design. My strengths lie in project management, team leadership, and problem-solving, which allow me to navigate complex challenges effectively.

When I'm not coding, I enjoy collaborating with teams and exploring innovative solutions to real-world problems. Visit my portfolio to learn more about my work: <https://yuvrajsinghresume.netlify.app/>

## Experience

- Hunar Intern

Python Development

June 2024 - July 2024 (2 months)

Successfully completed a Two-Month Python Development Internship Program at Hunar Intern. During this program, I enhanced my skills in Python programming, worked on practical projects, and gained valuable insights into real-world problem-solving.

Excited to apply these learnings to future opportunities and challenges!

- Internshala

Python Development

June 2024 - June 2024 (1 month)

Completed a 4-week online training on Internship & Job Preparation with Internshala Trainings, achieving 88% in the final assessment. The program covered essential skills such as job hunting, resume building, interview preparation, and project work.

Excited to utilize these learnings for future opportunities!
